Structured draft body

Autodraft · _TCQS_Biology · Cohera Lab Cohera Lab Home Research Cosmos Regenesis Ethos Publications Contact About Autodraft: _TCQS_Biology Date: 2026-02-21 · Thread: regenesis · Status: hypothesis · Confidence: low Source chatgpt/pdf/_TCQS_Biology.pdf Draft summary Autogenerated stub from corpus scan. Expand with validated claims and citation links before promotion. Key findings (draft) Pending manual extraction. Evidence & citations TODO: add primary references. Hypotheses TODO: explicitly label speculative claims. Next queries What is the smallest testable claim from this source?

Validation checklist

- Verify all nontrivial claims against the original source.
- Add explicit citations/DOIs where available.
- Mark confidence for each key claim (low/medium/high).
