Structured draft body

Autodraft · On_Translating_Epistemic_Operators_in_a_Logic_of_Awareness · Cohera Lab Cohera Lab Home Research Cosmos Regenesis Ethos Publications About Autodraft: On_Translating_Epistemic_C Date: 2026-02-23 · Thread: ethos · Status: hypothesis · Confidence: low Source chatgpt/pdf/On_Translating_Ep Draft summary Autogenerated stub from corpus scan. Expand with validated claims and citation links before promotion. Key findings (draft) Pending manual extraction. Evidence & citations TODO: add primary references. Hypotheses TODO: explicitly label speculative claims. Next queries What is the smallest testable claim from this source?

Validation checklist

- Verify all nontrivial claims against the original source.

- Add explicit citations/DOIs where available.

- Mark confidence for each key claim (low/medium/high).
